PROJECTS

React Native Project - [Dog Food App](#)

Originating from a PostgreSQL database I created based on a non-profit in Portland, OR, called The Pongo Fund, a team of myself and two classmates developed an app design for employees of the non-profit to track donors, recipients, and the dog food available in the warehouse for gifting to pet owners in need.

Bootstrap - [Portfolio Website](#)

A fully-designed display of my skills, projects, and certificates from my time attending Nucamp coding bootcamp.

React Project - [Plant Shop Website](#)

A website that would support a plant shop or nursery, building in a Shopping Cart feature to the product page - in progress.
